

PRODUCT INFORMATION: *Limestone*

APPLICATION

Our Portuguese Limestone is available in 4 colors: Nova Gold, Nova Blue, Golden Beach and Napolina. Individual tiles come as 4" x 4", 3" x 6", 6" x 6", 12" x 12" and 18" x 18". Mosaics are pre-assembled square-foot sheets of 1 1/8" x 1 1/8", 1/2" x 1" briquettes, 2" x 2", 2" x 4" subway, or 2" x 3" diamonds. Mosaic sheets are mesh mounted on the back. All sizes are a nominal 3/8" thick. Limestone is available in 2 finishes, either tumbled or honed, depending upon the size. Refer to the price list for available finishes and sizes.

Our Portuguese Limestone is durable and beautiful. It may be used -- with the exception of Nova Blue -- in any residential or commercial location, interior or exterior, including walls, counters, floors, swimming pools, fountains or spas. Nova Blue may be used in any dry, interior location, residential or commercial.

MOLDINGS AND BORDERS

Limestone field tile is complimented with 2 Moldings: a Chair Rail and Bar Liner -- both available in all 4 colors. We also offer 8 beautiful border patterns. Each border comes mesh mounted as a complete piece for easy installation. Of the 8 borders, 5 have coordinating corner pieces to add flexibility to your design.

AVAILABILITY

Warehoused in either Costa Mesa, CA or Jacksonville, FL., typically material will ship within 1 to 7 days. For large orders, please call to confirm availability.

INSTALLATION

We recommend a high-quality, white thin-set specified by its manufacturer for limestone. For mosaics, simply apply the thin-set with a 3/16" V-notch trowel and set the product. For individual pieces, back butter and set. Limestone can be trimmed using any wet-saw with a diamond blade meant for stone. Be sure to check the manufacturer's specifications as they apply to your installation.

GROUT

Use any high-quality grout. Be sure to check the manufacturer's specifications as they apply to your installation.

UPKEEP

Limestone may be cleaned with a neutral, non-abrasive cleaner free of vinegar, ammonia, bleach, lemon or acids of any kind. Specific cleaning products for stone are commonly available from any home improvement or hardware store. Be sure to check the manufacturer's specifications regarding usage of their product.

Limestone is a product of nature that is susceptible to scratching, etching and staining. Buyer acknowledges that color, shade and pattern variations are inherent in limestone. Inspection and/or rejection of product must occur prior to installation of product. Installation of product constitutes complete acceptance of product. There is no warranty for limestone products implied or otherwise. Please use Ph balanced cleaners when maintaining natural stone products. Please use proper installation methods as set forth by the Marble Institute of America and the Ceramic Tile Institute of America. When using sealing products, please refer to that product manufacturer's recommendations
